

Pleasant View
Shiawassee County Medical Care Facility

Monday, October 19, 2020

To Whom it May Concern,

Edmund London and Associates (ELA) was hired for the design of our new build of Pleasant View Shiawassee County Medical care Facility; the largest construction project that Shiawassee County had seen in 20 years. Our facility is approximately 103,000 sq. feet. While working with ELA, they accommodated our needs and displayed exceptional customer service. They were professional and communicative as well; it was a pleasure working with them. As the Administrator of Pleasant View SCMCF, I recommend partnering with Edmund London and Associates for your architectural needs.

Thank you,

Shana Espinoza, RN, MSN, LNHA
